Art and FinTech Startup Night

We level the playing field for female communities in entrepreneurship, wealth management and tech with our SwissFinTech Diversity Award (in cooperation with Smartmoneymatch and our sponsors)

Our vision is to increase diversity in shareholdership and female representation in C-level positions in FinTechs, startups and AI-driven wealth management enterprises, closing the female investing gap.

SFTL Art and Startup Night provides a platform where startups and investors meet our Female Business Angels, individual and corporate members and are inspired by the latest female thriving business creations awarded with the SwissFinTech Diversity Award.

Why you should be part of Art and Startup Night

SWISSFINTECHLADIES

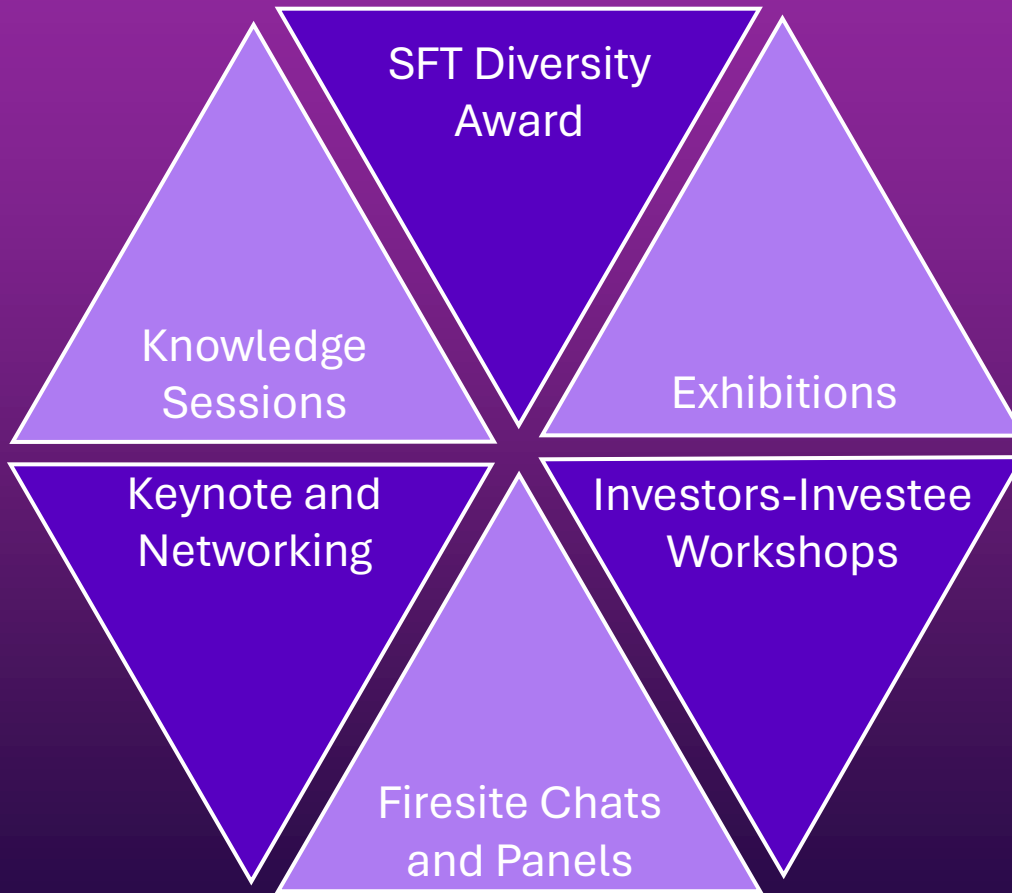

PASSIONATE ABOUT CO-CREATION IN TECH AND FINANCE

Joining Art and Startup Night contributes to the diversity, equity and inclusion in investing in FinTech and wealth management and empowers women in co-creating.

Be part of this transformative event where your company enhances visibility, finds highly qualified talents, female clients and investment opportunities

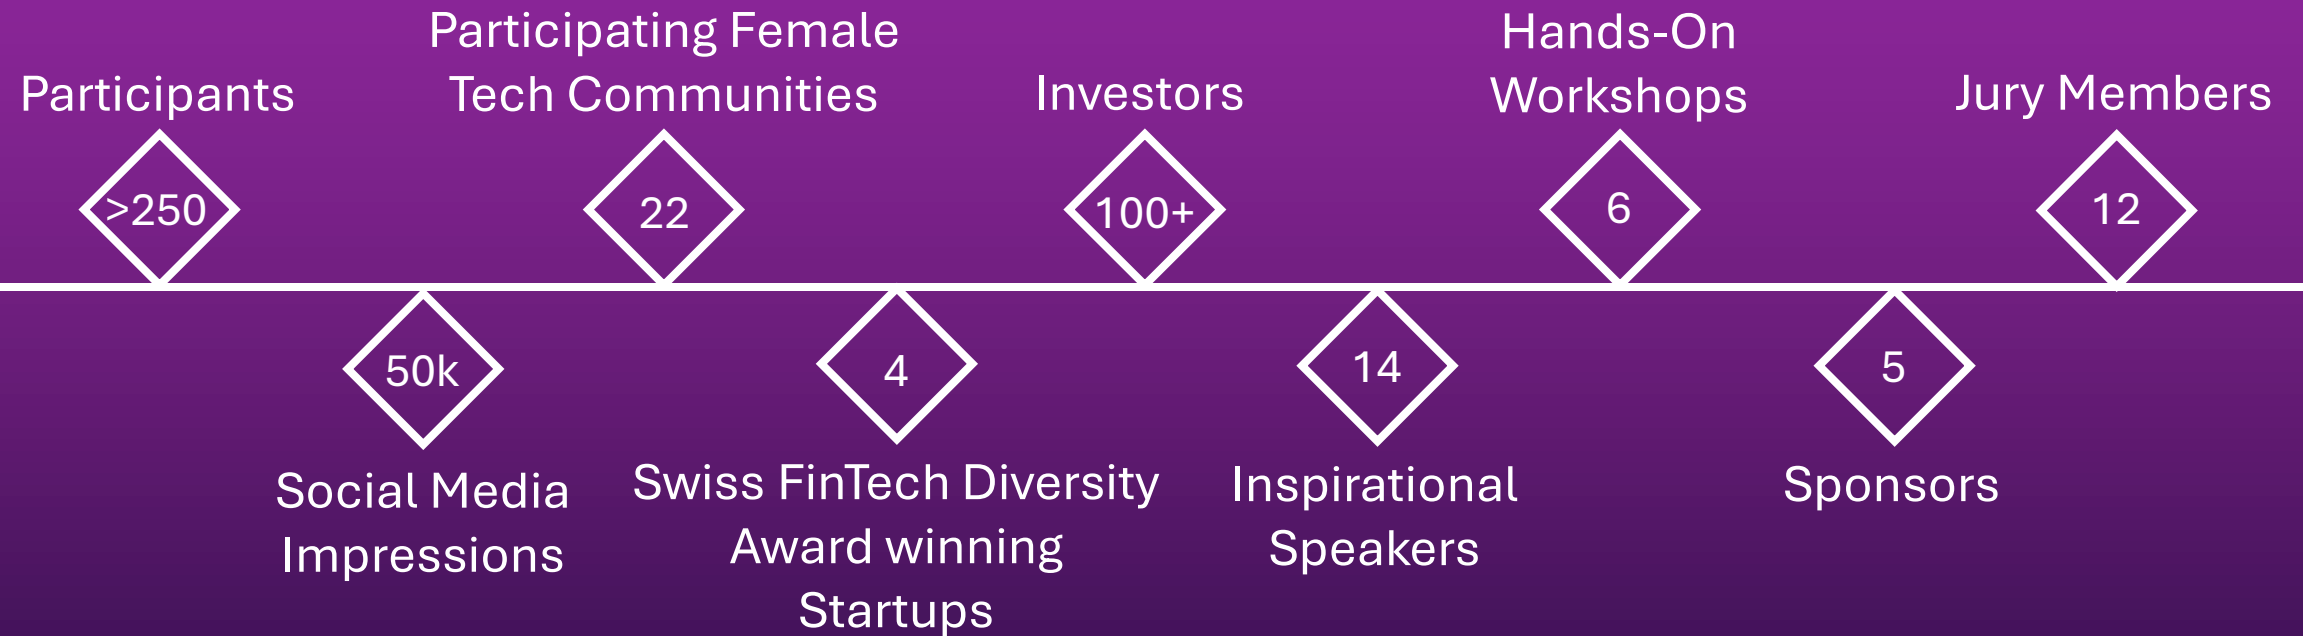

SFT* Art and Startup Night Kaleidoscope

A variety of experiences are offered to match personal, corporate and organizational preferences and interests in investing, wealth management and art.

Statistics of 2023 Art and Startup Night

Feedback and Impressions

“The Art & Fintech Startup Night was a great event, blending innovative topics with a vibrant, diverse crowd. Loved it!”

“The evening was nothing short of spectacular, reflecting SFTL's commitment to nurturing innovation and supporting groundbreaking ventures within the FinTech community. The platform you have created for startups to showcase their solutions is invaluable, and the impact of your work resonates well beyond the event itself.”
